### **SBA Offers Disaster Relief to Illinois Businesses, Private Nonprofits and Residents Affected by Severe Storm and Tornado** **Low interest disaster loans now available**

**WASHINGTON** — The [U.S. Small Business Administration \(SBA\)](#) announced the availability of low interest federal disaster loans for Illinois businesses, private nonprofits, and residents affected by severe storm and tornado occurring on March 10. The SBA issued a disaster declaration in response to a request received from Gov. J.B. Pritzker on April 7.

The declaration covers the Illinois counties of Ford, Grundy, Iroquois, Kankakee, Livingston, and Will, as well as the Indiana counties of Lake and Newton which are eligible for both [Physical Damage Loans](#) and [Economic Injury Disaster Loans \(EIDLs\)](#) from the SBA.

Businesses and private nonprofits are eligible to apply for business physical disaster loans and may borrow up to \$2 million to repair or replace disaster-damaged or destroyed real estate, machinery and equipment, inventory, and other business assets.

Homeowners and renters are eligible to apply for home and personal property loans and may borrow up to \$100,000 to replace or repair personal property, such as clothing, furniture, cars, and appliances. Homeowners may apply for up to \$500,000 to replace or repair their primary residence.

Applicants may also be eligible for a loan increase of up to 20% of their verified physical damage for mitigation purposes. Eligible mitigation improvements may include strengthening structures to protect against high wind damage, upgrading to wind rated garage doors, and installing a safe room or storm shelter to help protect property and occupants from future damage.

“When disasters strike, SBA’s Disaster Loan Outreach Centers play a vital role in helping small businesses and their communities recover,” said Chris Stallings, associate administrator of the Office of Disaster Recovery and Resilience at the SBA. “At these centers, SBA specialists assist business owners and residents with disaster loan applications and provide information on the full range of recovery programs available.”

SBA’s EIDL program is available to small businesses, small agricultural cooperatives, and private nonprofit (PNP) organizations with financial losses directly related to the disaster. The SBA is unable to provide disaster loans to agricultural producers, farmers, or ranchers, except for small aquaculture enterprises.

EIDLs are for working capital needs caused by the disaster and are available even if the business did not suffer any physical damage. They may be used to pay fixed debts, payroll, accounts payable, and other bills which could not be paid due to the disaster.

Interest rates are as low as 4% for businesses, 3.625% for PNPs, and 2.875% for homeowners and renters, with terms up to 30 years. Interest does not begin to accrue, and payments are not due, until 12 months from the date of the first loan disbursement. The SBA sets loan amounts and terms, based on each applicant’s financial condition.

Beginning **Friday, April 10**, SBA customer service representatives will be at the Disaster Loan Outreach Center in the primary county of Kankakee to answer questions about SBA’s disaster loan program, explain the application process and help individuals complete their application. Walk-ins are welcome, but you can schedule an in-person appointment in advance at [appointment.sba.gov](http://appointment.sba.gov).
